EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Ed Dutkiewicz on 7/28/06.

The application has been amended as follows:

2. In claim 1, lines 1&2 "for displacing . . . connecting rod" has been delete after "system".

Reasons for Allowance

3. The following is an examiner's statement of reasons for allowance:

a. The prior does not discloses the invention as claimed.

A connecting rod cap separator system comprising:

- b. a housing having a pair generally side components each with
- c. an inside face and an outside faces adapted to fit inside the
- d. circular aperture of a connecting rod;
- e. a pair of support screws;
- f. an activation shaft with threading and a crank lever; and
- g. a pair displacing wedges each having a pair of sloped faces
- h. and apertures extending there through, the apertures being
- i. adapted to receive the activation shaft such that when the

- j. activation shaft is rotated by the crank lever in one direction,
- k. threading of a displacing wedge draw the wedges closer together
- l. thereby displacing the side components of the housing outwardly
- m. to an expanded state, and when the activation shaft is rotated by
- n. the crank lever in the opposite direction, threading of a
- o. displacing wedge expands the wedges away from each other thereby
- p. contracting the side components of the housing inwardly to the
- q. contracted state.

4. Claim 2 is the broadest claim and the prior does not read on the prior and is not anticipated nor rendered obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
